# LETTER FROM OUR LEADERSHIP

**2018 WAS A YEAR OF TREMENDOUS PROGRESS FOR  
PILLSBURY UNITED COMMUNITIES — INSIDE OUR  
ORGANIZATION AND OUT.**

We introduced **URBAN AGRICULTURE** into the innovative food system we are building. We recommitted ourselves to powering **COMMUNITY VOICE** through media and the arts and were honored to host Shaun King, nationally renowned journalist and civil rights activist, as the keynote speaker at Greater > Together. Our Office of Public Charter Schools launched its innovative **SCHOOL BOARD ACADEMY** which will cultivate and maximize the immense social capital within our communities to improve school options, particularly in areas with the highest need, through parent engagement and training. At the one-year anniversary of **NORTH MARKET**, we reflected on our results and adjusted our operations to better serve the community. And we established a new brand and strategic framework — key elements in creating a more relevant, effective, and sustainable organization today and for the rest of the 21<sup>st</sup> century.

We're proud of the work we are doing. But when we look at the persistent rates of inequity in our state, from education to health to wealth, we are determined to do more. Our communities need disruptive innovation — and urgently. That means building new systems and infrastructure to make an impact at a population level. It means making uncommon allegiances with non-profits, businesses, and policymakers to pursue radical solutions we can't do alone. And it means shaking off the complacency of the nonprofit industrial complex to demand more of ourselves and each other.

For your ongoing support and engagement on this journey, thank you. Building thriving communities where every person has personal, social, and economic power takes all of us.

**ADAIR MOSLEY, PRESIDENT AND CEO**  
**DR. LAURA BLOOMBERG, BOARD CHAIR**

# GROWING FOOD & SECURITY ON OUR OWN TURF

We manage urban farm and community garden projects at 10 locations at our neighborhood centers and other sites.

These farms produce fresh fruits and vegetables for our food shelves and meal programs citywide, including a hydroponic growing operation that yields healthy greens 365 days a year.

Through urban agriculture, we're providing education and internship opportunities to young people while building a self-sufficient food system in the heart of our communities.

## FOOD ACCESSIBILITY

### HYDROPONIC FARMING BY THE NUMBERS

**1.2**  
acres of vertical indoor growing space

**4**  
varieties of healthy greens plus herbs and edible flowers growing at all times

**40%**  
of food served in our community cafes will be Pillsbury United Communities grown by 2020

# EDUCATING EDUCATORS & PARENTS TO IMPROVE SCHOOL PERFORMANCE

We launched the School Board Academy, a program designed to “build the bench” of quality school board members who are representative of the students served, and will bring often underrepresented cultural perspectives and experience to influence the development of high quality schools.

Board members who attended the academy developed skills in planning and organizing, decision-making, finance, operations, and school governance.

## EDUCATION

### SCHOOL BOARD ACADEMY BY THE NUMBERS

Intensive  
6-month program

1 cohort  
of 15 board members representing 3 schools in 2018

2  
cohorts planned for 2019

# CELEBRATING THE STORIES & THE STORYTELLERS OF OUR COMMUNITIES

We raise up stories of community and amplify underrepresented voices through media, including initiatives like North News, KRSM Radio, and the arts.

At the Pillsbury House + Theatre, we illuminate the differences that make each person unique and the similarities that bring people together, within an artistic environment that promotes understanding and leads to positive action.

## COMMUNITY VOICE

**Our community journalism classes**, organized by North News, instilled a passion for hyper-local reporting and storytelling in more than **50 Northside high schoolers** and our monthly paper reached more than 10,000 readers each month with stories of the nuanced truths of the Northside neighborhood we call home.

### Listeners of KRSM Radio

in the Phillips community and worldwide tuned in to nearly 10 hours of indigenous-led programming every week, more than any other radio station in the Twin Cities, and more than **75 young people** were engaged in producing **367 hours** of content for our listeners.

### Pillsbury House + Theatre

staged almost 60 performances by diverse local and national artists for audiences in South Minneapolis and throughout the Twin Cities. Mainstage performances were attended by **3,751 people** and **16,735 people** around the US experienced a Breaking Ice performance.

# FEEDING A NEIGHBORHOOD'S SOCIAL & ECONOMIC HEALTH

We delivered on our promise of providing access to healthy food while fostering community for the 67,000 residents of our North Minneapolis neighborhood.

Our impact has extended beyond addressing health and wellness needs to serving as an economic catalyst for the area by hiring neighborhood residents, paying them a living wage, and keeping revenue in the community.

## NORTH MARKET

### NORTH MARKET BY THE NUMBERS

Served close to 3,000  
average weekly customers
