SPECIAL OFFERS FROM OUR SOCIAL ENTERPRISES

THE NEEDS IN OUR COMMUNITY ARE ALWAYS CHANGING, PRESENTING COMPLEX CHALLENGES THAT TRADITIONAL SOCIAL SERVICES PROGRAMS CAN'T ADEQUATELY SOLVE.

Using the principles of human-centered design, we work with our neighbors to identify solutions that address many needs at once. Then we create what's missing from the ground up. Our social enterprises serve vital public functions while opening valuable opportunities for people in our communities, from job training and skills development to reliable sources of income and long-term self-sufficiency.

WE INVITE YOU TO GET TO KNOW SOME OF THESE ENTERPRISES.
