

Minnesota Internship Center (MNIC)

Mission:	The Minnesota Internship Center partners with communities and learners to achieve academic, career, and life success.
Vision	MNIC focuses on building relationships based on trust while offering support to ensure that students have access to all that they need to ensure their personal success and academic achievement.
Program focus:	High engagement activities for students, including field trips, speakers, service learning and hands-on projects while offering credits for working or volunteering in their communities. MNIC also offers a robust online curriculum which gives students the option to work on site at one of the 3 main campuses.
Year Opened	2003
