

June 18, 2026

Dear Ms. Young-Ray:

This letter acknowledges receipt of the complaint submitted on June 10, 2026, regarding Rochester Math and Science Academy (RMSA). The complaint raises concerns related to special education practices, employment and governance matters, and compliance with applicable laws and regulations.

PUC-OPCS has reviewed the submission and determined that it constitutes a formal complaint under the PUC-OPCS Stakeholder Grievance Process. Accordingly, PUC-OPCS will conduct a reasonable inquiry to determine whether the allegations provide sufficient evidence of potential violations of applicable law, charter contract requirements, or other areas within the authorizer's oversight responsibilities. Please note that receipt of the complaint does not constitute a determination regarding the validity of any allegation. The concerns remain unverified pending completion of the review.

PUC-OPCS aims to complete its review within thirty (30) days and will provide an update if additional time is needed.

Thank you for bringing these concerns to our attention.

Sincerely,

A handwritten signature in black ink, appearing to read "Krissy Wright Quinn", with a large, sweeping loop at the end.

Krissy Wright Quinn
